2016 SUPPLEMENTAL  
CAPITAL BUDGET**

**PROPOSED SUBSTITUTE  
SENATE BILL 6201**

**SENATE CHAIR**

**SENATE WAYS & MEANS COMMITTEE  
FEBRUARY 2016**

GENERAL GOVERNMENT  
PART 1

GENERAL GOVERNMENT

**EW SECTION.** Sec. 1001. A new section is added to 2015 3rd

THE COURT OF APPEALS  
C.J. (uncoordinated) to read as follows:

pokane Court Facility Upgrade (92000001)

Appropriation:	
State Building Construction Account—State.	\$103,000
Prior Biennia (Expenditures) . . . . .	50
Future Biennia (Projected Costs) . . . . .	50
TOTAL . . . . .	\$103,000

Read as EOTLOSS::

AN ACT Relating to the capital budget; making appropriations and authorizing expenditures for capital improvements; amending RCW 70.148.020; amending 2015 3rd sp.s. c 3 ss 1036, 1040, 1076, 1077, 1079, 1083, 1088, 1095, 1108, 1114, 2004, 2016, 2023, 2035, 3010, 3020, 3022, 3026, 3028, 3033, 3046, 3047, 3054, 3056, 3059, 3062, 3066, 3074, 3075, 3081, 3084, 3109, 3165, 3166, 3179, 3200, 3211, 3229, 3235, 4002, 5010, 5011, 5012, 5013, 5028, 5054, 5065, 5085, 5086, 5089, 5098, 7001, 7002, 7012, 7023, 7037, and 7038 (uncodified); adding a new section to chapter 43.79 RCW; adding new sections to 2015 3rd sp.s. c 3 (uncodified); creating a new section; repealing 2015 3rd sp.s. c 3 ss 1072 and 5074 (uncodified); making appropriations; and declaring an emergency.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

NEW SECTION. **Sec. 1.** A supplemental capital budget is hereby adopted and, subject to the provisions set forth in this act, the several dollar amounts hereinafter specified, or so much thereof as shall be sufficient to accomplish the purposes designated, are hereby appropriated and authorized to be incurred for capital projects during the period beginning with the effective date of this act and ending June 30, 2017, out of the several funds specified in this act.

Code Rev/ML:eab

1                 (a) Evidence that the application was developed in collaboration  
 2 with one or more regional support networks, as defined in RCW  
 3 71.24.025;  
 4                 (b) Evidence that the applicant has assessed and would meet gaps  
 5 in geographical access to short-term detention services under chapter  
 6 71.05 RCW in their region;  
 7                 (c) A commitment by applicants to serve persons who are publicly  
 8 funded and persons detained under the involuntary treatment act under  
 9 chapter 71.05 RCW;  
 10                 (d) A commitment by the applicant to maintain the beds or  
 11 facility for at least a ten-year period;  
 12                 (e) The date upon which structural modifications or construction  
 13 would begin and the anticipated date of completion of the project;  
 14                 (f) A detailed estimate of the costs associated with opening the  
 15 beds;  
 16                 (g) The applicant's commitment to work with local courts and  
 17 prosecutors to ensure that prosecutors and courts in the area served  
 18 by the hospital or facility will be available to conduct involuntary  
 19 commitment hearings and proceedings under chapter 71.05 RCW; and  
 20                 (h) A lack of local resources, including nonmedicaid operating  
 21 reserves, and regional fund balances that are not contractually  
 22 encumbered.  
 23                 (2) To accommodate the emergent need for inpatient psychiatric  
 24 services, the department of health and the department of commerce, in  
 25 collaboration with the department of social and health services shall  
 26 establish a concurrent and expedited process for the purpose of grant  
 27 applicants meeting any applicable regulatory requirements necessary  
 28 to operate inpatient psychiatric beds, free-standing evaluation and  
 29 treatment facilities, enhanced services facilities, triage  
 30 facilities, or crisis stabilization facilities.  
 31                 (3) The following list is subject to the criteria in subsection  
 32 (1) of this section:  
 33                 Cascade mental health. . . . . \$3,000,000  
 34                 (Weedment) Kent recovery center. . . . . \$5,000,000  
 35 Parkside conversion to behavioral health beds. . . . . (\$3,000,000)  
 36 \$4,000,000  
 37 (Navos behavioral health center for children, youth & families. . . . . \$2,000,000)  
 38 Central Washington comprehensive mental health. . . . . \$2,000,000  
 39

1	Swedish Ballard psychiatric unit. . . . .	\$3,000,000

1       (4) Project funds are available on a reimbursement basis only,  
 2 and shall not be advanced under any circumstances.  
 3  
 4       (5) Projects funded in this section must be held by the recipient  
 5 for a minimum of ten years and used for the same purpose or purposes  
 6 intended by the legislature as required in RCW 43.63A.125(6).  
 7  
 8       (6) Projects funded in this section, including those that are  
 9 owned and operated by nonprofit organizations, are generally required  
 10 to pay state prevailing wages.  
 11  
 12     (7) \$2,209,000 of the appropriation in this section is provided  
 13 solely for the Fairchild air force base protection and community  
 14 empowerment project, including the purchase of twenty acres of land  
 15 for development of affordable housing and the county's purchase of  
 16 mobile home parks in order to reduce the use of the accident  
 17 potential zone for residential purposes. There shall be no  
 18 limitations on the sequence on the purchase of mobile home parks. If  
 19 the county subsequently rezones, develops, and leases the mobile home  
 20 park property for commercial or industrial uses contrary to the  
 21 allowed uses in the accident potential zone, the county must repay to  
 22 the state the amount spent on the purchase of mobile home parks in  
 23 its entirety within ten years.  
 24  
 25     (8) \$850,000 of the appropriation in this section is provided  
 26 solely for the White River restoration project. Design solutions for  
 27 flooding reductions in the lower White River must include a  
 28 floodplain habitat design that both reduces flood risks and restores  
 29 salmon habitat by reconnecting the river with its floodplain and a  
 30 sustainable riparian corridor. Project designs and plans must also  
 31 identify lands for acquisition needed for floodplain reconnection  
 32 where pending or existing development eliminates the potential for  
 33 riparian and aquatic habitat restoration. The city shall work  
 34 cooperatively with the Muckleshoot Indian Tribe and the Puyallup  
 35 Tribe of Indians, and develop a plan collaboratively to achieve both  
 36 flood reduction and habitat restoration.  
 37  
 38     (9) Up to \$150,000 of the appropriation in this section for the  
 39 veterans helping veterans: Emergency transition shelter project may  
 40 be spent on preconstruction or pre-acquisition activities, including,  
 41 but not limited to, building inspections, design of necessary  
 42 renovations, cost estimation, and other activities necessary to  
 43 identify and select a facility appropriate for the program. The  
 44 remainder of the appropriation must be used for eventual acquisition  
 45 and renovations of a facility.

1	(10) \$2,500,000 of the appropriation in this section is provided 2 solely for the mercy housing and health care center at Sand Point. 3 During the 2015-2017 fiscal biennium, the center may not house any 4 community health care training organization that has been 5 investigated by and has paid settlement fees to the attorney 6 general's office for alleged medicaid fraud.
7	(11) The Lake Chelan land use plan must be developed without 8 adverse impacts on agricultural operations.
9	(12) Funds provided for the city of Stanwood police station/city 10 hall relocation are for acquisition.
11	<u>133</u> ) The appropriation is provided solely for the following list 12 of projects:
13	Algon senior center \$500,000
14	All-accessible destination playground \$750,000
15	Appleway trail \$1,000,000

13	Asian Pacific Cultural Center (92000387)	
14	As the most trade dependent state in the nation, the legislature	
15	recognizes the significant statewide benefits to be gained from the	
16	proposed Asian Pacific cultural center. The multipurpose facility	
17	will serve as a needed cultural resource for Washington's Asian and	
18	Pacific Islander community; provide affordable housing and	
19	educational opportunities; strengthen relations with our Asia-Pacific	
20	trading partners; and deliver economic growth as a commercial and	
21	tourist destination. As the project continues to move forward, the	
22	legislature intends to support its development through a grant to be	
23	used for project design.

6	Mental Health Housing Health Homes (92000381)																																		
7	The appropriation in this section is subject to the following conditions and limitations:																																		
8	(1) Funding is provided for the construction or renovation of 4 health homes that will serve people with severe health and housing challenges, including those who are medically fragile and those who have been diagnosed with a chronic behavioral health disorder, that commit to participate in treatment through the duration of their stay. The homes must: (a) Be located in counties that have adopted the tax, authorized under RCW 82.14.460, for chemical dependency or mental health treatment services; (b) be located in counties that have adopted fully integrated managed care for medicaid; and (c) include: (i) The Everett first low barrier housing; (ii) the 22 north emergency housing in Bellingham; (iii) a project in southwest Washington; and (iv) a project in eastern Washington.																																		
9	(2) Local housing authorities may serve as fiscal agents for the projects.																																		
10	(3) \$1,500,000 of the state building construction account—state appropriation is provided solely for the establishment of a health home in Pierce county. The amount in this subsection is contingent upon Pierce county adopting the tax authorized under RCW 82.14.460.

1 an agency must notify the legislative fiscal committees before  
2 requesting contingency funds from the office of financial management.  
3 Eligible agencies that may apply to the pool include higher education  
4 institutions, the department of corrections, the department of social  
5 and health services, the department of enterprise services, ((the  
6 criminal justice training commission)) the department of veterans  
7 affairs, the parks and recreation commission, and the department of  
8 fish and wildlife. Eligible construction projects are only projects  
9 that had cost reductions as kept on file with the office of financial  
10 management. The office of financial management must notify the  
11 legislative evaluation and accountability program committee, the  
12 house capital budget committee, and senate ways and means committee  
13 as projects are approved for funding.

14 (2) (a) The legislature intends to use the 1063 Block building  
15 development project as a model of efficient space and energy use for  
16 both owned and leased state office buildings.

17 (b) To achieve this intent, the office of financial management  
18 must reconsider tenants for the building, including consideration of  
19 the utilities and transportation commission, all current tenants of  
20 the general administration building with operations compatible with a  
21 high density office building, and other possible tenants. The measure  
22 of achieving a higher space efficiency is measured by the average  
23 square feet per housed employee.

24 (c) The office of financial management must provide a report to  
25 the appropriate committees of the legislature on the redesign and the  
26 increase space efficiency by October 15, 2015.

27 Appropriation:

28 State Building Construction Account—State. . . . .	\$8,000,000
29 Prior Bienna (Expenditures). . . . .	\$0
30 Future Bienna (Projected Costs). . . . .	\$0
31 TOTAL. . . . .	\$8,000,000

**Sec. 1013.** 2015 3rd sp.s. c 3 s 1079 (uncodified) is amended to  
read as follows:

**FOR THE OFFICE OF FINANCIAL MANAGEMENT**

Emergency Repair Pool for K-12 Public Schools (90000302)

The appropriation in this section is subject to the following  
conditions and limitations:

1 (1) Emergency repair funding is provided solely to address  
2 unexpected and imminent health and safety hazards at K-12 public  
3 schools, including skill centers, that will impact the day-to-day  
4 operations of the school facility. To be eligible for funds from the  
5 emergency repair pool, an emergency declaration must be signed by the  
6 school district board of directors and the superintendent of public  
7 instruction, and submitted to the office of financial management for  
8 consideration. The emergency declaration must include a description  
9 of the imminent health and safety hazard, the possible cause, the  
10 proposed scope of emergency repair work and related cost estimate,  
11 and identification of local funding to be applied to the project.  
12 Grants of emergency repair moneys must be conditioned upon the  
13 written commitment and plan of the school district board of directors  
14 to repay the grant with any insurance payments or other judgments  
15 that may be awarded, if applicable. The office of financial  
16 management must notify the legislative evaluation and accountability  
17 program committee, the house capital budget committee, and the senate  
18 ways and means committee as emergency projects are approved for  
19 funding.  
20 (2) \$1,000,000 of the appropriation is provided solely for minor  
21 works repairs at west sound skill center.

22 Appropriation:

23 Common School Construction Account—State. . . . .	\$5,000,000
24 State Building Construction Account—State. . . . .	\$1,000,000
25 Subtotal Appropriation. . . . .	\$6,000,000
26 Prior Bienna (Expenditures). . . . .	\$0
27 Future Bienna (Projected Costs). . . . .	\$0
28 TOTAL. . . . .	(\$5,000,000))
29	\$6,000,000

30 NEW SECTION. **Sec. 1014.** A new section is added to 2015 3rd  
sp.s. c 3 (uncodified) to read as follows:

**FOR THE OFFICE OF FINANCIAL MANAGEMENT**

State Agency Laboratory Colocation Study (92000013)

34 The appropriations in this section are subject to the following  
35 conditions and limitations: The office of financial management shall  
36 evaluate the feasibility of collocating state agency laboratories.  
37 Participating agencies include, but are not limited to, the  
38 department of labor and industries, the department of fish and  
Code Rev/ML:eab

1 wildlife, the department of agriculture, and the Washington state  
 2 patrol.  
 3 Appropriation:  
 4 State Building Construction Account—State. . . . . \$50,000  
 5 Accident Account—State. . . . . \$50,000  
 6 Medical Aid Account—State. . . . . \$50,000  
 7 Subtotal Appropriation. . . . . \$150,000  
 8 Prior Bienna (Expenditures). . . . . \$0  
 9 Future Bienna (Projected Costs). . . . . \$0  
 10 TOTAL. . . . . \$150,000

**11 NEW SECTION. Sec. 1015.** A new section is added to 2015 3rd  
 12 sp.s. c 3 (uncodified) to read as follows:  
**13 FOR THE OFFICE OF FINANCIAL MANAGEMENT**  
 14 Cross Laminated Timber Pilot Project (92000015)  
 15 The appropriation in this section is subject to the following  
 16 conditions and limitations:  
 17 (1) \$950,000 of the appropriation is provided solely to help  
 18 offset the higher project costs for one or more construction projects  
 19 by state or local government agencies in which cross laminated timber  
 20 (CLT) is used for major structural elements of the building. Eligible  
 21 projects may include multifamily housing through the housing trust  
 22 fund, student housing for public higher education campuses,  
 23 prefabricated public school construction, and other state or local  
 24 government agency projects that may demonstrate the structural  
 25 utility of CLT. The legislature recognizes that early adoption of CLT  
 26 may result in higher project costs, but accelerating the acceptance  
 27 of CLT will produce economic and employment gains for the state and  
 28 will increase the value of timber on Washington state trust lands.  
 29 State agencies that receive allocations from this appropriation must  
 30 submit a project completion report that specifies how CLT was used  
 31 and the costs differences in materials and labor.  
 32 (2) \$75,000 of the appropriation is provided solely for a grant  
 33 to the Washington State University college of engineering and  
 34 architecture, to prepare a review and summary of available  
 35 engineering test results and other evidence demonstrating the  
 36 performance of CLT in building construction. The review must  
 37 emphasize results and evidence that are relevant to the consideration

1 of building code amendments that allow for greater use of CLT in  
 2 construction. Administrative overhead charges by Washington State  
 3 University may not exceed five percent of the amount provided in this  
 4 subsection. The report must be submitted to the state building code  
 5 council and the appropriate committees of the legislature by December  
 6 1, 2016.  
 7 (3) \$50,000 of the appropriation is provided solely for a grant  
 8 to the department of commerce or an associate development  
 9 organization in an area of the state with appropriate forest  
 10 resources to assist prospective CLT manufacturers in evaluating the  
 11 potential CLT market and determine necessary investments to  
 12 manufacture CLT.  
 13 Appropriation:  
 14 State Building Construction Account—State. . . . . \$1,075,000  
 15 Prior Bienna (Expenditures). . . . . \$0  
 16 Future Bienna (Projected Costs). . . . . \$0  
 17 TOTAL. . . . . \$1,075,000

**18 SEC. 1016.** 2015 3rd sp.s. c 3 s 1083 (uncodified) is amended to  
 19 read as follows:  
**20 FOR THE OFFICE OF FINANCIAL MANAGEMENT**  
 21 Equipment Benchmarks for Capital Projects Study (92000010)  
 22 The appropriation in this section is subject to the following  
 23 conditions and limitations: The office of financial management shall  
 24 submit a higher education and skill center capital project equipment  
 25 cost study to the governor and the appropriate legislative fiscal  
 26 committees by December 1, 2015. The study must include benchmarks for  
 27 standard ranges of fixed and nonfixed equipment expenditures in  
 28 different types of facilities and an examination of alternatives for  
 29 financing equipment costs where the equipment has a life expectancy  
 30 that is less than the length of bond financing. The alternative  
 31 analysis must include a life-cycle cost analysis of the competing  
 32 alternatives to determine the most cost-effective options to the  
 33 state bond and general fund budget.  
 34 Appropriation:  
 35 State Building Construction Account—State. . . . . (\$250,000)  
 36 \$125,000  
 37 Prior Bienna (Expenditures). . . . . \$0

1	Future Biennia (Projected Costs) . . . . .	\$0
2	TOTAL. . . . .	((\$250,000))
3		\$125,000
4	<b><u>NEW SECTION.</u></b> <b>Sec. 1017.</b> A new section is added to 2015 3rd sp.s. c 3 (uncodified) to read as follows:	
5	<b>FOR THE OFFICE OF FINANCIAL MANAGEMENT</b>	
6	Cost-Effective K-3 Classrooms Assessment (30000053)	
7	The office of financial management shall analyze cost-effective options for the procurement of high quality, sustainably built, energy efficient, and healthy classroom space to address the need for K-3 classrooms statewide. The analysis may include the potential for use of advanced sustainable materials and innovative design, production and procurement processes. The office of financial management may contract with one or more consultant to assist with the analysis.	
8	Appropriation:	
9	State Building Construction Account—State. . . . . \$125,000	
10	Prior Bienna (Expenditures). . . . . \$0	
11	Future Biennia (Projected Costs) . . . . . \$0	
12	TOTAL. . . . . \$125,000	
13	<b><u>NEW SECTION.</u></b> <b>Sec. 1018.</b> A new section is added to 2015 3rd sp. s. c 3 (uncodified) to read as follows:	
14	<b>FOR THE OFFICE OF FINANCIAL MANAGEMENT</b>	
15	Water Infrastructure Investment Analysis (92000016)	
16	The appropriation in this section is subject to the following conditions and limitations:	
17	(1) The legislature finds that population growth, climate change, and intensified development are creating increasing stresses on critical water infrastructure, fisheries, and watershed health. To inform policy decisions about the scale and timing of new investments in flood risk reduction, water quality, and water supply both in- stream and out-of-stream, it is the intent of the legislature to direct an analysis of the economic implications related to water infrastructure and fisheries habitat restoration needs across the state.	
18	Appropriation:	

1	(2) The appropriation in this section is provided solely for the office of financial management to contract for an analysis of the economic implications relating to water infrastructure and fisheries habitat restoration needs.
2	(a) The analysis must incorporate existing data and information relating to:
3	(i) Integrated water supply and management planning that addresses water storage for municipal and agricultural uses, in- stream or out-of-stream water supply needs, or both, as well as fisheries habitat and passage improvements;
4	(ii) Multiple benefit approaches that reduce the risk from floods and protect and restore naturally functioning areas; and
5	(iii) Low-impact development retrofits to reduce toxics and other pollutants in storm water.
6	(b) The analysis must consider, but not be limited to, fishing and recreation benefits of improved floodplain and riparian habitat, in-stream flows, municipal and agricultural water storage benefits, and fish passage projects.
7	(c) The analysis must provide a review of other state reports that examine the economic implications to water infrastructure and fisheries habitat restoration needs.
8	(d) The analysis must address, but not be limited to:
9	(i) A 20 year forecast of known need for investment for the three categories identified in (a) of this subsection;
10	(ii) Estimated effects on the Washington economy without new infrastructure investment, including impacts on households, business, and commerce caused by flooding, drought, and degraded water quality from storm water runoff; and
11	(iii) Estimated economic benefits, including jobs, commerce, and development associated with each billion dollars invested in the categories in (a) of this subsection.
12	(3) The consultant shall invite representatives of interest groups to provide input in conducting the analysis. The interest groups must include, but are not be limited to, the Washington business roundtable, the Washington state labor council, and the Washington environmental council. The consultant must report its findings to the house of representatives capital budget committee and the senate ways and means committee by January 15, 2017.
13	Appropriation:

1	State Building Construction Account—State . . . . .	\$250,000
2	Prior Biennia (Expenditures) . . . . .	\$0
3	Future Biennia (Projected Costs) . . . . .	\$0
4	<u>TOTAL.</u> . . . . .	\$250,000
5	<b>Sec. 1019.</b> 2015 3rd sp.s. c 3 s 1088 (uncodified) is amended to	
6	read as follows:	
7	<b>FOR THE DEPARTMENT OF ENTERPRISE SERVICES</b>	
8	Minor Works Preservation (30000722)	
9	The appropriations in this section are subject to the following	
10	conditions and limitations:	
11	(1) No minor works funds may be allotted until the action part of	
12	the plan is provided. Up to \$300,000 of the appropriation in this	
13	section is provided for the department to develop an implementation	
14	plan for a capitol campus parking strategy. The action part of the	
15	plan must include:	
16	((#4)) (a) During the legislative sessions a	
17	reduction of agency reserve stalls from twenty-six percent to fifteen	
18	percent as recommended by the 2014 state of Washington parking and	
19	transportation study;	
20	((#2)) (b) cost-benefit of incorporating	
21	parking attendants or parking arms to accept payment for campus	
22	parking during the legislative sessions;	
23	((#3)) (c) installation of at least two electronic boards, or other methods of providing the	
24	available parking capacity in the east plaza garage. The department	
25	shall work in cooperation with the city of Olympia, and the city may	
26	provide a proposal to enforce parking on the capitol campus. The	
27	department shall report to all fiscal committees on its progress by	
28	November 1, 2015.	
29	((2)) \$60,000 of the Thurston county capital facilities account	
30	state appropriation is provided solely for minor works repair at the	
31	120 Union Avenue building and is contingent upon the building	
32	remaining open subject to the following conditions:	
33	(a) The department shall:	
34	(i) Apply the current capital projects surcharge to the operating rents;	
35	(ii) increase the tenant rental rate by \$1 per square foot per year above the current rate;	
36	(iii) add a clause to the tenant contracts that the lease shall be terminated should a major building system failure occur. A major building system includes failure of the roof, heating, and electrical systems;	
37	(iv) add a clause to the tenant contracts that the lease may be terminated if the occupancy of the building falls below 30 percent; and	
38	(v) add a clause to the tenant contracts that the lease may be terminated if	

1	actively promote rental of vacant space in the building; and (b) the	
2	department may close the building once the legislature has approved	
3	construction funding for a project at the site.

13	read as follows:	
14	<b>FOR THE DEPARTMENT OF ENTERPRISE SERVICES</b>	
15	Capitol Lake Long-term Management Planning (30000740)	
16	The appropriation in this section is subject to the following	
17	conditions and limitations:	
18	(1) The appropriation is provided solely to make tangible	
19	progress on reaching broad agreement on a long-term plan for the	
20	management of Capitol Lake/Deschutes Estuary/Lower Budd Inlet/	
21	Deschutes River watershed, building on the recommendations of the	
22	2014 situation assessment for Capitol Lake management prepared by the	
23	Ruckleshaus center and prior related reports.	
24	The department shall:	
25	(a) Identify and summarize the findings of the best available	
26	science concerning water quality and habitat as they relate to	
27	conceptual options of retaining or removing the dam.	
28	(b) Identify multiple hybrid options for future management of	
29	Capitol Lake, which options must include substantial improvement in	
30	fish and wildlife habitat and ecosystem functions, maintaining a	
31	historic reflecting pool at the north end of the lake/estuary, and	
32	adaptive management strategies;	
33		
34		
35		
36		

1                         (c) Identify general cost estimates for construction and  
2 maintenance of each conceptual option, in consultation with the  
3 office of financial management;  
4                         (d) Identify the range of public support for or concerns about  
5 each option;

6                         (e) Identify conceptual options and degree of general support for  
7 shared funding by state, local, and federal governments and  
8 potentially other entities;

9                         (f) Identify one or more conceptual options for long-term shared  
10 governance of a future management plan, including consideration of an  
11 option similar to state lake management districts, chapter 36.61 RCW  
12 or shellfish protection districts, chapter 90.72 RCW.

13                         (g) Engage in other related activities which would contribute to  
14 reaching broad agreement on the long-term management plan.

15                         The department shall conduct its information gathering and report  
16 preparation with a pro-active approach to public engagement, and may  
17 create such advisory entities as it determines would be helpful.

18                         (2) The department may contract for facilitation, research, or  
19 other services to assist in the preparation of this report.

20                         (3) The department shall make periodic reports to the state  
21 capitol committee, the office of financial management, and fiscal  
22 committees of the legislature, with a final report to be submitted no  
23 later than January 1, 2017. The reports must include visual  
24 representations of proposals to aid the public and decision-makers to  
25 understand and evaluate them.

26 Appropriation:

27                         ((Enterprise-Services-Account—State. . . . . \$250,000))

S-4821.4/16 4th draft

1                         (1) The legislature intends to support the transfer of the  
2 Olympia armory to the Thurston county boys and girls club. The  
3 military department must execute an agreement to transfer title of  
4 the property to the Thurston county boys and girls club if the club  
5 agrees to use the facility as a boys and girls club for a minimum of  
6 ten years. The transfer agreement must specify a mutually agreed  
7 transfer date following the completion of the Thurston county  
8 readiness center. The transfer agreement must require the club to  
9 cover any closing costs and must specify a purchase price of one  
10 dollar. The agreement must be reported to the house of  
11 representatives capital budget committee, senate ways and means  
12 committee, and the governor's office by January 1, 2016.  
13                         (2) The legislature intends to support the transfer of the  
14 Puyallup armory to the Central Pierce fire and rescue (Pierce county  
15 fire protection district No. 6). The military department must execute  
16 an agreement to transfer title of the property to the Central Pierce  
17 fire and rescue if the district agrees to use the facility as a fire  
18 and rescue station and training facility for a minimum of ten years.  
19 The transfer agreement must specify a mutually agreed transfer date  
20 following the vacation of the Puyallup armory. The transfer agreement  
21 must require the Central Pierce fire and rescue to cover any closing  
22 costs and must specify a purchase price of one dollar. The agreement  
23 must be reported to the house of representatives capital budget  
24 committee, the senate ways and means committee, and the governor's  
25 office by January 1, 2017.

12 web site and report to the office of financial management, the  
13 appropriate committees of the legislature, and the legislative  
14 evaluation and accountability program a list of local school district  
15 projects submitted for school construction assistance within seven  
16 business days of the grant program deadline. The report must be  
17 updated within seven days following the superintendent of public  
18 instruction's final grant award decisions. Prior versions of the  
19 report must be maintained on the web site in order to monitor changes  
20 in estimates as the grant process progresses. The report must  
21 include, but not be limited to:

22 (a) School district;

23 (b) Project name;

24 (c) Estimated square footage by proposed project type;

25 (d) Estimated total of all project costs and estimated total  
26 construction contract cost;

27 (e) Funding sources and election dates, if applicable; and  
28 (f) Intent to front-fund the project.

29 (2) The superintendent of public instruction shall provide to the  
30 office of financial management and the legislative evaluation and  
31 accountability program committee in electronic database form the  
32 following:

33 (a) Study and survey information beginning with grants awarded  
34 July 1, 2015, or later; and  
35 (b) All available inventory and condition of schools data.

36 (3) The office of the superintendent of public instruction shall  
37 contract with educational service district 112 construction services  
38 group to perform an analysis of school construction costs. The

1 analysis must include a significant sample of new (and  
2 modernization) school construction projects completed over the past  
3 ten years, with costs adjusted for construction inflation. The  
4 analysis must determine the major sources of variation in total  
5 school construction costs among different kinds of projects,  
6 districts, and regions. The analysis must estimate the cost  
7 difference due to variations in:  
8 (a) The size of the project including the size per expected  
9 enrollment;  
10 (b) Whether it is a new school or modernization project;  
11 (c) Whether it is an elementary school, middle school, high  
12 school, or skills center;  
13 (d) The extent of specialized higher cost facilities such as  
14 laboratories, shops, performing arts and indoor athletic facilities;  
15 (e) Delivering specialized programs at skill centers including  
16 but not limited to: Dental and medical assisting, mechanical and  
17 engineering programs, first responder training, culinary programs,  
18 cyber security, and others;  
19 (f) Site requirements;  
20 (g) Durability of construction materials, finishes, building  
21 system components, and general life expectancy of the building; and  
22 (h) Other design and construction feature that may contribute to  
23 cost variations.  
24 (4) The office of the superintendent of public instruction must  
25 prepare a report on the findings from subsection (3) of this section  
26 and submit the report to the appropriate committees of the  
27 legislature and the office of financial management by September 1,  
28 2016.

29 Appropriation:

30 Common School Construction Account—State . . . . . (\$2,924,000)  
31 \$3,438,000

32 Prior Biennia (Expenditures) . . . . . \$0  
33 Future Biennia (Projected Costs) . . . . . \$12,244,000  
34 TOTAL. (\$15,168,000)  
35 \$15,682,000

36 **Sec. 5004.** 2015 3rd sp.s. c 3 s 5013 (uncodified) is amended to  
37 read as follows:

38 **FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION**

1        2015-17 School Construction Assistance Program (30000169)  
 2        The appropriations in this section are subject to the following  
 3        conditions and limitations:  
 4            (1) \$990,000 of the common school construction account—state is  
 5        provided solely for the Spokane Valley technical skills center to  
 6        construct five science classrooms.  
 7            (2) \$675,000 of the common school construction account—state is  
 8        provided solely for study and survey grants. In calculating study and  
 9        survey grants, for the 2015-2017 fiscal biennium, the office of the  
 10      superintendent of public instruction shall award no more than fifty  
 11      percent of the dollar amount for the minimum grants and square  
 12      footage allocations. School districts receiving these grants in the  
 13      2015-2017 fiscal biennium must use data collected or validated by the  
 14      Washington State University extension energy office for the inventory  
 15      and condition of existing school facilities.  
 16            ((School districts receiving funding through the 2015-17  
 17      school construction assistance program must map the design of new  
 18      facilities and remap the design of facilities to be remedied.))  
 19            \$1,282,648 of the common school construction account—state  
 20      appropriation is provided solely for the office of superintendent of  
 21      public instruction to contract with the Washington association of  
 22      sheriffs and police chiefs for mapping or remapping of school  
 23      facilities.  
 24            (4) The office of the superintendent of public instruction must  
 25      weight and prioritize grant requests on the following criteria and in  
 26      the following order: (a) Will provide facility capacity needs to  
 27      reduce kindergarten through third grade class sizes at high poverty  
 28      schools; (b) will provide facility capacity needs to reduce  
 29      kindergarten through third grade class sizes in remaining schools.  
 30            (5) The office of the superintendent of public instruction must  
 31      expedite allocation and distribution of any eligible funds under the  
 32      school construction assistance grant program for the appropriations  
 33      provided to the superintendent of public instruction in this act for  
 34      distressed schools, STEM pilot projects, or skill centers. For  
 35      purposes of determining state funding assistance, eligible area must  
 36      be calculated as follows: (a) Eligible area for STEM pilot projects  
 37      is 1,440 square feet per science lab or classroom combination, or  
 38      both; and 1,040 square feet per science classroom. Total eligible  
 39      area per STEM pilot project must not exceed 15,840 square feet; (b)

1        eligible area for skill centers is gross square feet of the proposed  
 2        project as submitted to the office of financial management as  
 3        requested by the superintendent for consideration in the 2015-2017  
 4        capital budget. Eligible area for the Spokane Valley technical skills  
 5        center must not exceed 5,400 square feet, and; (c) eligible area for  
 6        replacement of the cafeteria at Marysville-Pilchuck high school is  
 7        13,500 square feet.

8        Appropriation:

9            State Building Construction Account—State. . . . .	((6302,121,000))
	\$320,021,000
10          Common School Construction Account—State. . . . .	((6305,979,000))
	\$322,835,000
11          Common School Construction Account—Federal. . . . .	((611,099,000))
	\$645,856,000
12          Subtotal Appropriation. . . . .	
13          Prior Bienna (Expenditures). . . . .	\$0
14          Future Bienna (Projected Costs). . . . .	\$3,638,150,000
15          TOTAL. . . . .	((4,749,249,000))
	\$4,284,006,000

20        **Sec. 5005.** 2015 3rd sp.s. c 3 s 5028 (unmodified) is amended to  
 21      read as follows:

22        **FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION**

23        K-3 Class-Size Reduction Grants (92000039)

24        The appropriation in this section is subject to the following  
 25      conditions and limitations:

26            (1) \$10,000,000 of this appropriation is provided solely for  
 27      Seattle public schools to provide additional state assistance for  
 28      public school facilities necessary to support all-day kindergarten  
 29      and class size reduction in kindergarten through third grade.

30            (2) The remaining appropriation is for the K-3 class size  
 31      reduction construction pilot grant program specified in section 201,  
 32      chapter . . . (Engrossed Substitute Senate Bill No. 6080), Laws of  
 33      2015, 3rd sp. sess. to provide additional state assistance for public  
 34      school facilities necessary to support all-day kindergarten and class  
 35      size reduction in kindergarten through third grade.

36            (3) Within the remaining appropriation, a maximum of \$750,000 is  
 37      provided for the office of superintendent of public instruction to

1 administer the K-3 class size reduction construction grant pilot  
2 program. The office may not use these funds for indirect costs.  
3  
4 (4) Should Seattle public schools have received additional state  
5 funds, in excess of the block grant provided in subsection (1) of  
6 this section, through the K-3 class size reduction construction grant  
7 pilot program, Seattle public schools may receive the amount provided  
8 by the calculated grant in the pilot program in excess of the block  
9 grant.

10 (5) The funding provided in subsection (1) of this section may  
11 not constitute local funding available to the Seattle public schools  
12 in order to be eligible for state funding assistance through the  
13 school construction assistance program pursuant to RCW 28A.525.166.  
14 (6) School districts receiving grant funding in the first round  
15 must secure local matching funds by July 1, 2016. If local matching  
16 funds have not been secured by this date, the office of  
17 superintendent of public instruction may award the grant amounts  
18 without a secured local match to the remaining school districts in  
order of the K-3 class size reduction prioritized list.

19 Appropriation:

20      State Building Construction Account—State. . . . .	( <del>\$200,000,000</del> )	
21		<u>\$238,000,000</u>
22      Prior Biennia (Expenditures). . . . .	\$0	
23      Future Biennia (Projected Costs). . . . .	\$0	
24      TOTAL. . . . .	( <del>\$200,000,000</del> )	
25		<u>\$238,000,000</u>

26 **NEW SECTION. Sec. 5006.** A new section is added to 2015 3rd  
27 sp.s. c 3 (uncodified) to read as follows:  
28 (1) The joint legislative task force on school construction is  
29 established to review the following work underway:  
30 (a) The status of implementing chapter 41, Laws of 2015 3rd sp.s.  
31 (2ESSB 6080), including recommendations for modifying the formula to  
32 fund K-3 classrooms;  
33 (b) The findings and results from the work performed by the  
34 Washington State University energy office, including verification of  
35 K-12 building condition and classroom counts, and measuring school  
36 sizes in a sample of schools;

1 (c) The findings and results from the work by educational service  
2 district 112, including the major causes of variations in the cost of  
3 construction of schools; and  
4 (d) The status of implementing capital grants to improve  
5 facilities for science, technology, engineering, and math education  
6 (STEM), including how the grants interact with the school  
7 construction assistance program.

8 (2) The task force must consider the findings and results from  
9 subsection (1) of this section and all other information about the  
10 history of state assistance to help local school districts design,  
11 build, and maintain public schools to make recommendations on  
12 improvements in how that state assistance is provided. The  
13 improvements must be designed to provide:  
14 (a) Grants for new schools based on prototypical schools tied to  
15 an assumed number of classrooms needed to match K-12 operating budget  
16 assumptions;  
17 (b) Grants for additions to new schools to allow for incremental  
18 growth to meet enrollment growth;  
19 (c) Grants for replacement and renewal of major building systems  
20 based on achieving lowest life-cycle building costs, provided that  
21 standards of routine maintenance are achieved by local districts;  
22 (d) Grants for specialized facility improvements such as STEM  
23 facilities and vocational facilities such as skills centers;  
24 (e) Equity in allocating grants for school construction such that  
25 the share of school construction costs reflects the relative ability  
26 to raise necessary property taxes to pay for the local share;  
27 (f) Effective and efficient school design and construction; and  
28 (g) Transparency when districts are proposing local bond issues  
29 and capital leases for school construction.

30 (3)(a) The joint legislative task force on school construction  
31 consists of eight members, two members each, one from each major  
32 caucus, from the house of representatives committees on capital  
33 budget and education, appointed by the speaker of the house of  
34 representatives, and two members each, one from each major caucus,  
35 from the senate committees on ways and means, early learning, and  
36 K-12 education, appointed by the president of the senate.  
37 (b) The task force shall select a chair from among its  
38 membership.

1                         (c) Staff support for the task force must be provided by the  
2 house of representatives office of program research and the senate  
3 committee services.

4                         (d) The office of superintendent of public instruction and the  
5 office of financial management shall cooperate with the task force  
6 and maintain liaison representatives.

7                         (e) The task force shall coordinate with the appropriate standing  
8 committees of the legislature and may consult with other interested  
9 parties, as may be appropriate, for technical advice and assistance.

10                         (4) Legislative members of the task force must be reimbursed for  
11 travel expenses in accordance with RCW 44.04.120. Nonlegislative  
12 members, except those representing an employer or organization, are  
13 entitled to be reimbursed for travel expenses in accordance with RCW  
14 43.03.050 and 43.03.060.

15                         (5) The expenses of the task force must be paid jointly by the  
16 senate and the house of representatives. Task force expenditures are  
17 subject to approval by the senate facilities and operations committee  
18 and the house of representatives executive rules committee, or their  
19 successor committees.

20                         (6) The task force must report its findings and recommendations  
21 to the appropriate committees of the legislature by December 1, 2016.

22                         **Sec. 5007.** 2015 3rd sp.s. c 3 s 5054 (uncodified) is amended to

23 read as follows:

24 **FOR THE WASHINGTON STATE UNIVERSITY**

25                         Inventory and Condition of Schools Data Collection (91000033)

26                         The appropriation in this section is subject to the following  
27 conditions and limitations:

28                         (1) The legislature intends to complete the data collection,  
29 input, and verification of the inventory and condition of public  
30 school facilities in order to make informed decisions about K-12  
31 school facility data collection processes and classroom capacity  
32 needs to fulfill current educational graduation requirements and  
33 class-size ratios. These decisions are best made when based on  
34 accurate data collected in a thorough and consistent manner by  
35 professionals experienced in making such inventory and condition  
36 assessments for public institutions.  
37                         (2) The appropriation is provided solely for the Washington State  
38 University extension energy office to complete collection, input, and

1 verification of selected data of public school facilities, including  
2 skill centers, in the inventory and condition of schools system  
3 administered and maintained by the superintendent of public  
4 instruction.

5                         (3) The Washington State University extension energy office shall  
6 conduct on-site visits to assess inventory and condition of all  
7 facilities for school districts that have no current study and survey  
8 as defined in RCW 28A.525.050 on file with the superintendent of  
9 public instruction as of July 1, 2015, or no pending study and survey  
10 to be filed with the superintendent through an outstanding study and  
11 survey grant award. The data collected, sufficient to meet the study  
12 and survey requirements for school facilities space inventory and  
13 condition analysis, through on-site visits must be input into the  
14 inventory and condition of schools system.

15                         (4) The Washington State University extension energy office shall  
16 input into the inventory and condition of schools system applicable  
17 data of inventory and condition of school facilities from all current  
18 studies and surveys on file with the superintendent of public  
19 instruction as of July 1, 2015. The data must be input into the  
20 system in a manner that captures older information and data first. As  
21 studies and surveys from outstanding grant awards are filed with the  
22 superintendent, the Washington State University extension energy  
23 office shall input data into the system once current study and survey  
24 data has been input. Activities conducted pursuant to this subsection  
25 must occur concurrently with activities in subsection (3) of this  
26 section.  
27                         (5) The Washington State University extension energy office shall  
28 conduct on-site verification of data for school districts whose  
29 current studies and surveys on file with the superintendent will  
30 expire by June 30, 2017. Data verification must be conducted to  
31 evaluate the study and survey process as a tool to collect accurate  
32 inventory and condition of schools data upon which policymakers can  
33 make informed decisions regarding school facility and capacity needs.  
34 Activities conducted pursuant to this subsection must occur  
35 concurrently with activities in subsection (3) of this section and  
36 once sufficient data has been input into the system per subsection  
37 (4) of this section to conduct on-site visits to verification.  
38                         (6)(a) The Washington State University extension energy office,  
39 concurrent with activities conducted in subsections (3), (4), and (5)  
40 of this section, must collect data to determine the information in

1 (c)(i) through (vii) of this subsection. Additional on-site data  
2 collection for this task or collection of data from "as-built"  
3 documents or other valid sources must be accomplished to produce a  
4 valid sample for determining:

5 (b) The accuracy of reported number of classrooms in the most  
6 recent survey of classrooms and building data by the office of the  
7 superintendent of public instruction; and

8 (c) The variation in the size of schools and the allocation of  
9 space to the categories described in (c)(i) through (vii) of this  
10 subsection. The sample must be sufficient to determine this  
11 information for elementary, middle, high schools, and skills centers  
12 in districts of different sizes, growth rates, age, and relative  
13 property values.

14 (i) The square footage and number of classrooms. Classrooms are  
15 rooms that are used as classrooms or that could be used as classrooms  
16 under building code requirements and must include labs, shops,  
17 computer rooms used for instruction, art, and music classrooms. For  
18 this purpose, a music classroom is not a room designed to seat an  
19 audience;

20 (ii) The square footage of libraries;

21 (iii) The square footage of cafeteria and kitchen space;

22 (iv) The square footage of gymnasiums, locker rooms, and other  
23 indoor athletic facilities;

24 (v) The square footage of auditoriums and other performing arts  
25 space not counted as classrooms;

26 (vi) The square footage of administrative offices, and space used  
27 primarily by staff; and

28 (vii) The square footage of other space such as bathrooms,  
29 general circulation, mechanical rooms, and the balance of the total  
30 facility square footage not included in (c)(i) through (vi) of this  
31 subsection;

32 (d) The data included in (c)(i) through (vii) of this subsection  
33 must indicate whether the space is in a structure with a permanent  
34 foundation or not.

35 (7) As a general condition of appropriations provided to the  
36 superintendent of public instruction in this act, the superintendent  
37 of public instruction and each state school district shall provide  
38 requested facilities information and access to facilities in a timely  
39 manner to enable the Washington State University extension energy

1 office to complete the tasks, oversight, and reporting requirements  
2 assigned in this section.

3 (8) The Washington State University extension energy office shall  
4 report progress of data collection, input, and verification to the  
5 appropriate committees of the legislature no later than December 1,  
6 2015. The Washington State University extension energy office must  
7 complete all work in this section and make a final report to the  
8 appropriate committees of the legislature no later than December 1,  
9 2016.

10 (9) If funding provided in this section is insufficient to carry  
11 out the tasks identified within this section, the Washington State  
12 University extension energy office shall prioritize the tasks to  
13 ensure the requirements in subsection (6) of this section are  
14 completed first. The Washington State University extension energy  
15 office may enter into an interagency agreement with the office of  
16 superintendent of public instruction for additional funding to carry  
17 out the tasks identified in this subsection.

18 Appropriation:

22	Yakima Valley trolley capital improvement project. . . . .	
23	<b>Total. . . . .</b>	<b>\$10,000,000</b>
24	Appropriation:	
25	State Building Construction Account—State. . . . .	\$10,000,000
26	Prior Biennia (Expenditures). . . . .	\$0
27	Future Biennia (Projected Costs). . . . .	\$0
28	<b>TOTAL. . . . .</b>	<b>\$10,000,000</b>

(End of part)

29	<b>NEW SECTION. Sec. 5014.</b> A new section is added to 2015 3rd	
30	sp.s. c 3 (uncodified) to read as follows:	
31	The Washington state historical society shall convene a team to develop and analyze options for the use or sale of the Lord Mansion and gardens located in the historic south capitol neighborhood in Olympia.	
32	(1) Options for the use of the Lord Mansion should include, but not be limited to, display space for state historical materials,	
33	state and/or local government office space, private office space,	
34	small business incubator space, conference meeting rooms, and	
35	Code Rev/ML:eab	59
36	S-4821.4/16 4th draft	

1 residential options. Selling the mansion must also be analyzed to  
 2 determine the benefits and cost to the state and local government.  
 3 (2) The team must consist of the state historical society, the  
 4 department of enterprise services, a former secretary of state, and  
 5 the city of Olympia. Local stakeholders must be engaged before a  
 6 final report is submitted to the office of financial management and  
 7 the legislature. Appropriate staff from the office of financial management and  
 8 management and legislative fiscal committees must be consulted on  
 9 state fiscal implications.

10 (3) The Washington state historical society and the team convened  
 11 under this section must report on the options analyzed and the  
 12 specific analysis criteria and findings by November 1, 2016.

13 **NEW SECTION. Sec. 5015.** A new section is added to 2015 3rd  
 14 sp.s. c 3 (uncodified) to read as follows:  
**FOR THE EASTERN WASHINGTON STATE HISTORICAL SOCIETY**  
 15 Campbell House Roof Replacement (92000001)

16  
 17 Appropriation:  
 18 State Building Construction Account—State. . . . . \$376,000  
 19 Prior Biennia (Expenditures). . . . . \$0  
 20 Future Biennia (Projected Costs). . . . . \$0  
 21 **TOTAL. . . . .** \$376,000

**PART 6**  
**MISCELLANEOUS PROVISIONS**

3           **Sec. 6001.** 2015 3rd sp.s. c 3 s 7001 (uncodified) is amended to  
 4 read as follows:

5           RCW 43.88.031 requires the disclosure of the estimated debt  
 6 service costs associated with new capital bond appropriations. The  
 7 estimated debt service costs for the appropriations contained in this  
 8 act are ~~(thirty-six million eight hundred thirteen)~~ eighty-two  
 9 million nine hundred twenty-one thousand dollars for the 2015-2017  
 10 biennium. ~~(two-hundred thirty-three-million-two-hundred-eighty-six)~~  
 11 three hundred fifty-four million eight hundred fifty thousand dollars  
 12 for the 2017-2019 biennium, and ~~(three-hundred-twenty-seven-million~~  
 13 ~~two-hundred-thirty-four-million-five~~) four hundred fifty-four million five  
 14 hundred twenty-six thousand dollars for the 2019-2021 biennium.

15           **Sec. 6002.** 2015 3rd sp.s. c 3 s 7002 (uncodified) is amended to  
 16 read as follows:

17           **ACQUISITION OF PROPERTIES AND FACILITIES THROUGH FINANCIAL  
 CONTRACTS.** (1) The following agencies may enter into financial  
 19 contracts, paid from any funds of an agency, appropriated or  
 20 nonappropriated, for the purposes indicated and in not more than the  
 21 principal amounts indicated, plus financing expenses and required  
 22 reserves pursuant to chapter 39.94 RCW. When securing properties  
 23 under this section, agencies shall use the most economical financial  
 24 contract option available, including long-term leases, lease-purchase  
 25 agreements, lease-development with option to purchase agreements or  
 26 financial contracts using certificates of participation. Expenditures  
 27 made by an agency for one of the indicated purposes before the issue  
 28 date of the authorized financial contract and any certificates of  
 29 participation therein are intended to be reimbursed from proceeds of  
 30 the financial contract and any certificates of participation therein  
 31 to the extent provided in the agency's financing plan approved by the  
 32 state finance committee.

33           State agencies may enter into agreements with the department of  
 34 enterprise services and the state treasurer's office to develop  
 35 requests to the legislature for acquisition of properties and  
 36 facilities through financial contracts. The agreements may include  
 37 charges for services rendered.

1           (2) Those noninstructional facilities of higher education  
 2 institutions authorized in this section to enter into financial  
 3 contracts are not eligible for state funded maintenance and  
 4 operations. Instructional space that is available for regularly  
 5 scheduled classes for academic transfer, basic skills, and workforce  
 6 training programs may be eligible for state funded maintenance and  
 7 operations.

8           (3) Department of enterprise services: Enter into a financing  
 9 contract for up to \$69,000,000 plus financing expenses and required  
 10 reserves pursuant to chapter 39.94 RCW to construct a new office  
 11 building at 1063 Capitol Way South, Olympia.

12           (4) Department of enterprise services: Enter into a financing  
 13 contract for up to \$8,077,000 plus financing expenses and required  
 14 reserves pursuant to chapter 39.94 RCW to repair the natural  
 15 resources building parking garage fire suppression system.

16           (5) Department of ecology: Enter into a financing contract for up  
 17 to \$180,000 plus financing expenses and required reserves pursuant to  
 18 chapter 39.94 RCW for programmatic improvements to the headquarters  
 19 building and the eastern regional office.

20           (6) Department of ecology: Enter into a financing contract for up  
 21 to \$760,000 plus financing expenses and required reserves pursuant to  
 22 chapter 39.94 RCW for preservation improvements to the headquarters  
 23 building.

24           (7) Central Washington University: Enter into a financing  
 25 contract for up to \$8,414,000 plus financing expenses and required  
 26 reserves pursuant to chapter 39.94 RCW to construct a welcome center.

27           (8) The Evergreen State College: Enter into a financing contract  
 28 for up to \$12,500,000 plus financing expenses and required reserves  
 29 pursuant to chapter 39.94 RCW to purchase a permanent location for  
 30 the Tacoma program.

31           (9) Western Washington University: Enter into a financing  
 32 contract for up to \$6,000,000 plus financing expenses and required  
 33 reserves pursuant to chapter 39.94 RCW for the carver building  
 34 renovation.

35           (10) Eastern Washington University: Enter into a financing  
 36 contract for up to \$10,000,000 plus financing expenses and required  
 37 reserves pursuant to chapter 39.94 RCW for the Washington street  
 38 facility project. The university shall not use their building account  
 39 or other appropriated account as a fund source for the certificate of  
 40 participation.

1                 (11) Community and technical colleges:

2                 (a) Enter into a financing contract on behalf of Centralia

3                 Community College for up to \$5,000,000 plus financing expenses and

4                 required reserves pursuant to chapter 39.94 RCW to renovate the

5                 student services building.

6                 (b) Enter into a financing contract on behalf of Centralia

7                 Community College for up to \$3,000,000 plus financing expenses and

8                 required reserves pursuant to chapter 39.94 RCW to purchase or

9                 construct student housing.

10                 (c) Enter into a financing contract on behalf of Clark College

11                 for up to \$8,500,000 plus financing expenses and required reserves

12                 pursuant to chapter 39.94 RCW to renovate the culinary arts facility.

13                 (d) Enter into a financing contract on behalf of Clark College

14                 for up to \$35,000,000 plus financing expenses and required reserves

15                 pursuant to chapter 39.94 RCW to design and construct a student

16                 recreation center.

17                 (e) Enter into a financing contract on behalf of Columbia Basin

18                 College for up to \$7,000,000 plus financing expenses and required

19                 reserves pursuant to chapter 39.94 RCW to design and construct a

20                 health science center.

21                 (f) Enter into a financing contract on behalf of Green River

22                 College for up to \$15,000,000 plus financing expenses and required

23                 reserves pursuant to chapter 39.94 RCW to construct an aviation

24                 program center.

25                 (g) Enter into a financing contract on behalf of Highline College

26                 for up to \$1,500,000 plus financing expenses and required reserves

27                 pursuant to chapter 39.94 RCW to renovate the maintenance and grounds

28                 building.

29                 (h) Enter into a financing contract on behalf of Lower Columbia

30                 College for up to \$3,000,000 plus financing expenses and required

31                 reserves pursuant to chapter 39.94 RCW to renovate the main building.

32                 (i) Enter into a financing contract on behalf of Lower Columbia

33                 College for up to \$3,000,000 plus financing expenses and required

34                 reserves pursuant to chapter 39.94 RCW to renovate and expand the

35                 Myklebust gymnasium.

36                 (j) Enter into a financing contract on behalf of Tacoma Community

37                 College for up to \$12,000,000 plus financing expenses and required

38                 reserves pursuant to chapter 39.94 RCW to expand a health and

39                 wellness center.

1                 (k) Enter into a financing contract on behalf of Walla Walla

2                 Community College for up to \$1,500,000 plus financing expenses and

3                 required reserves pursuant to chapter 39.94 RCW to construct a

4                 workforce and business development center.

5                 (l) Enter into a financing contract on behalf of Bellevue College

6                 for up to \$45,700,000 plus financing expenses and required reserves

7                 pursuant to chapter 39.94 RCW to construct student housing.

8                 (m) Enter into a financing contract on behalf of Pierce College

9                 for up to \$3,000,000 plus financing expenses and required reserves

10                 pursuant to chapter 39.94 RCW to purchase and renovate student

11                 housing at the Fort Steilacoom campus.

12                 (n) Enter into a financing contract on behalf of Spokane Falls

13                 Community College for up to \$19,500,000 plus financing expenses and

14                 required reserves pursuant to chapter 39.94 RCW to renovate the

15                 gymnasium.

16                 (o) Enter into a financing contract on behalf of Wenatchee Valley

17                 College for up to \$6,200,000 plus financing expenses and required

18                 reserves pursuant to chapter 39.94 RCW to construct a recreation

19                 center.

20                 (p) Washington state patrol: Enter into a financing contract for

21                 up to \$13,700,000 plus financing expenses and required reserves

22                 pursuant to chapter 39.94 RCW to replace the fire training academy

23                 burn building; however, local agencies that use the burn building

24                 must have indicated support for required fee increases to pay for the

25                 debt service for the financing contract. Indication of support means

26                 at least sixty percent of local agencies which have used the facility

27                 within the prior ten years support the fee increase.

28                 (q) Department of corrections: Enter into a financing contract

29                 for up to \$2,163,000 plus financing expenses and required reserves

30                 for the remodel of the correctional industry's food factory.

31                 **Sec. 6003.** 2015 3rd sp.s. c 3 s 7012 (unmodified) is amended to

32                 read as follows:

33                 FOR THE ARTS COMMISSION—ART WORK ALLOWANCE. (1) One-half of one

34                 percent of money appropriated in this act for original construction

35                 of school plant facilities is provided solely for the purposes of RCW

36                 28A.335.210.

37                 (2) One-half of one percent of money appropriated in this act

38                 for original construction or any major renovation or remodel work

1 exceeding \$200,000 by colleges or universities is provided solely for  
2 the purposes of RCW 28B.10.027.

3 (3) One-half of one percent of moneys appropriated in this act  
4 for original construction of any public building by a state agency  
5 identified in RCW 43.17.020 is provided solely for the purposes of  
6 ROW 43.17.200.

7 (4) At least eighty-five percent of the moneys spent by the  
8 Washington state arts commission during the 2015-2017 biennium for  
9 the purposes of RCW 28A.335.210, 28B.10.027, and 43.17.200 must be  
10 expended solely for direct acquisition of works of art. Art  
11 allocations not expended within the ensuing two biennia will lapse.  
12 The commission may use up to \$100,000 of this amount to conserve or  
13 maintain existing pieces in the state art collection pursuant to RCW  
14 28A.335.210.

15 (5) The executive director of the arts commission shall appoint a  
16 study group to review the operations of the one-half of one percent  
17 for works of art purchased or commissioned as required by RCW  
18 28A.335.210, 28B.10.027, and 43.17.200. The findings of the review  
19 must be reported annually to the office of financial management and  
20 the fiscal committees of the legislature by ((August)) September  
21 15th. The review must include, but is not limited to, the following:  
22 (a) Projects purchased or commissioned per biennium; (b) partner  
23 agencies; (c) funding sources by fiscal year; (d) artwork costs; (e)  
24 administrative costs; (f) collection care costs; and (g) project  
25 status.

26 **Sec. 6004.** 2015 3rd sp.s. c 3 s 7023 (uncodified) is amended to  
27 read as follows:

28 JIARC WMRP & STATE LAND ACQUISITION STUDY. (1) The joint  
29 legislative audit and review committee must conduct a review of state  
30 and local efforts to protect and conserve habitat and expand outdoor  
31 recreation since 1990.

32 (2) The review has two objectives:

33 (a) To determine what existing or potential objective outcome  
34 measures can be used to evaluate the success of major regulatory  
35 programs or state expenditures that are intended to protect and  
36 conserve habitat and expand outdoor recreation; and

37 (b) To compare the amount of habitat lands protected through  
38 acquisitions and easements with the amount of lands protected through

1 the major regulatory programs within three counties west of the  
2 cascades and three counties east of the cascades.

3 (3) The review must include state expenditures and local and  
4 federal expenditures used to match state funding in the following  
5 programs:

6 (a) Salmon recovery funding board expenditures;

7 (b) Puget Sound acquisition and restoration;

8 (c) Puget Sound estuary and salmon restoration;

9 (d) The Washington wildlife and recreation program;

10 (e) State parks and recreation commission expenditures that  
11 expand recreational lands and facilities;

12 (f) Trust land transfer program and other expenditures by the  
13 department of natural resources that protect habitat or expand  
14 recreation; and

15 (g) Other state expenditures that expand recreational lands and  
16 facilities.

17 ((+3)) 14. The review must also include the following regulatory  
18 programs:

19 (a) Growth management regulations regarding critical areas;

20 (b) Wetland restrictions;

21 (c) Shoreline management rules;

22 (d) Forest practices regulation; and

23 (e) Hydraulic project approval program.

24 ((+4)) 15. The review must identify other objective benefits  
25 provided by each of the included programs, such as public safety,  
26 habitat protection, environmental quality, public health, protection  
27 of ((infrastructure)) infrastructure, and economic development.

28 ((+5)) 16. The review must also examine a sample of recreation  
29 and habitat land acquisition by state agencies within the past ten  
30 years to determine whether the state agencies have a land stewardship  
31 program for the land parcels, what that program entails, and the  
32 extent of compliance with that program. Land stewardship includes,  
33 but is not limited to, restoring or developing the land to meet the  
34 objectives of the acquisition, suppressing invasive weeds, securing  
35 the property to prevent damage, and maintaining the land to prevent  
36 wildfires.

37 ((+6)) 17. In undertaking the review, the joint legislative  
38 audit and review committee may contract with experts in measuring the  
39 outcomes of regulatory and funding programs to protect and conserve  
40 habitat.

1 ((474)) (8) By December 1, ((2016)) 2017, the joint legislative  
2 audit and review committee must submit a report to the appropriate  
3 committees of the senate and the house of representatives that  
4 presents information and findings from the study. The report is to  
5 include recommendations for accountability measures for determining  
6 the achievement of intended outcomes for protecting, acquiring, and  
7 improving habitat and recreation lands and facilities.

8 **NEW SECTION.** **Sec. 6005.** A new section is added to 2015 3rd  
9 sp.s. c 3 (uncodified) to read as follows:

10 **FOR THE JOINT LEGISLATIVE AUDIT AND REVIEW COMMITTEE**

11 Washington Wildlife and Recreation Program and State Land  
12 Acquisition Study (92000003)

13 Appropriation:

14 State Building Construction Account—State . . . . .	\$350,000
15 Prior Biennia (Expenditures) . . . . .	\$0
16 Future Biennia (Projected Costs) . . . . .	\$0
17 TOTAL. . . . .	\$350,000

18 **NEW SECTION.** **Sec. 6006.** A new section is added to 2015 3rd  
19 sp.s. c 3 (uncodified) to read as follows:

20 In addition to the provisions of RCW 43.88.030, the office of  
21 financial management shall require life cycle cost analysis to be  
22 prepared as part of any proposal to acquire, construct, or lease all  
23 state office buildings and warehouses to establish the economic  
24 viability of the project and prove its benefit to Washington state  
25 taxpayers. A life cycle cost analysis must be prepared on all  
26 projects or buildings greater than 20,000 square feet. A life cycle  
27 cost analysis must be performed at the earliest time possible and  
28 must be completed before funding may be allocated for any part of the  
29 project including but not limited to: Design, demolition of existing  
30 facilities, site preparation or construction and includes projects  
31 using a design-build construction model. The life cycle cost analysis  
32 must be performed by the office of financial management or the  
33 department of enterprise services and must be performed in a  
34 transparent manner with all stakeholders entitled to participate. All  
35 results of the life cycle cost analysis must be verified by an  
36 independent real estate industry consultant. Funding for the life  
37 cycle cost analysis must also include funding for review by real

1 estate industry consultants. Included in the life cycle cost analysis  
2 and in reporting the cost per square foot, the agencies must include  
3 all moneys relating to the development of the project including but  
4 not limited to: (1) Predesign; (2) design; (3) consultants; (4)  
5 demolition; (5) construction moving costs; (6) tenant relocation  
6 costs; (7) parking costs; (8) ongoing maintenance; (9) future capital  
7 improvements expected during the term of the lease or building  
8 ownership including but not limited to: Windows, carpet, heating,  
9 ventilation and air conditioning system replacement, and painting;  
10 (10) the economic value and impact of local property taxes; (11)  
11 value of the land; and (12) other related costs by both state-owned  
12 and privately-owned facilities.

13 **Sec. 6007.** RCW 70.148.020 and 2013 2nd sp.s. c 4 s 993 are each  
14 amended to read as follows:

15 (1) The pollution liability insurance program trust account is  
16 established in the custody of the state treasurer. All funds  
17 appropriated for this chapter and all premiums collected for  
18 reinsurance shall be deposited in the account. Expenditures from the  
19 account shall be used exclusively for the purposes of this chapter  
20 including payment of costs of administering the pollution liability  
21 insurance and underground storage tank community assistance programs.  
22 Expenditures for payment of administrative and operating costs of the  
23 agency are subject to the allotment procedures under chapter 43.88  
24 RCW and may be made only after appropriation by statute. No  
25 appropriation is required for other expenditures from the account.  
26 (2) Each calendar quarter, the director shall report to the  
27 insurance commissioner the loss and surplus reserves required for the  
28 calendar quarter. The director shall notify the department of revenue  
29 of this amount by the fifteenth day of each calendar quarter.  
30 (3) Each calendar quarter the director shall determine the amount  
31 of reserves necessary to fund commitments made to provide financial  
32 assistance under RCW 70.148.130 to the extent that the financial  
33 assistance reserves do not jeopardize the operations and liabilities  
34 of the pollution liability insurance program. The director shall  
35 notify the department of revenue of this amount by the fifteenth day  
36 of each calendar quarter. The director may immediately establish an  
37 initial financial assistance reserve of five million dollars from  
38 available revenues. The director may not expend more than fifteen  
39 million dollars for the financial assistance program.

1                 (4) During the 2013-2015 fiscal biennium, the legislature may  
2 transfer from the pollution liability insurance program trust account  
3 to the state general fund such amounts as reflect the excess fund  
4 balance of the account.  
5                 (5) During the 2015-2017 fiscal biennium, the legislature may  
6 transfer from the pollution liability insurance program trust account  
7 to the underground storage tank revolving account such amounts as  
8 reflect the excess fund balance of the account.  
9                 (6) This section expires July 1, 2020.

10                 **Sec. 6008.** 2015 3rd sp.s. c 3 s 7037 (uncodified) is amended to  
11 read as follows:  
12                 **FOR THE STATE TREASURER—TRANSFERS**  
13                 Public works assistance account—state: For transfer  
14 to the water pollution control revolving account, up to  
15 \$6,000,000 for fiscal year 2016 and up to \$6,000,000 for  
16 fiscal year 2017. . . . . \$12,000,000  
17                 Public works assistance account—state: For transfer  
18 to the drinking water assistance account, up to \$4,000,000  
19 for fiscal year 2016 and up to \$4,000,000 for fiscal  
20 year 2017. . . . . \$8,000,000  
21                 Pollution liability insurance program trust  
22 account—state: For transfer to the underground storage  
23 tank revolving account. . . . . \$10,000,000

24                 **Sec. 6009.** 2015 3rd sp.s. c 3 s 7038 (uncodified) is amended to  
25 read as follows:  
26                 **STATE TREASURER TRANSFER AUTHORITY**  
27                 State toxics control account: For transfer to the  
28 environmental legacy ((trust)) stewardship account. . . . \$24,000,000  
29                 Local toxics control account: For transfer to the  
30 environmental legacy ((trust)) stewardship account. . . . \$30,000,000  
31                 (1) As directed by the department of ecology in consultation with  
32 the office of financial management, the state treasurer shall  
33 transfer amounts among the state toxics control account, the local  
34 toxics control account, and the environmental legacy stewardship  
35 account as needed during the 2015-2017 fiscal biennium to maintain  
36 positive account balances in all three accounts.

1                 (2) As directed by the department of ecology in consultation with  
2 the office of financial management, the state treasurer shall  
3 transfer amounts from the cleanup settlement account established in  
4 RCW 70.105D.130 to the state toxics control account, the local toxics  
5 control account or the environmental legacy stewardship account to  
6 maintain positive account balances up to an amount not to exceed  
7 ((\\$13,000,000)) \\$26,000,000 that must be considered an inter fund  
8 loan that must be repaid with interest to the cleanup settlement  
9 account in three equal repayments in fiscal years 2018, 2019, and  
10 2020.  
11                 (3) If, after using the inter-fund transfer authority granted in  
12 this section, the department of ecology determines that further  
13 reductions are needed to maintain positive account balances in the  
14 state toxics control account, the local toxics control account, and  
15 the environmental legacy stewardship account, the department is  
16 authorized to delay the start of cleanup projects based on acuity of  
17 need, readiness to proceed, cost-efficiency, or need to ensure  
18 geographic distribution. If the department uses this authority, the  
19 department must submit a prioritized list of projects that may be  
20 delayed to the office of financial management and the appropriate  
21 fiscal committees of the legislature.

22                 **NEW SECTION. Sec. 6010.** A new section is added to 2015 3rd  
23 sp.s. c 3 (uncodified) to read as follows:  
24                 To the extent that any appropriation authorizes expenditures of  
25 state funds from the state building construction account, or from any  
26 other capital project account in the state treasury, for a capital  
27 project or program that is specified to be funded with proceeds from  
28 the sale of bonds, the legislature declares that any such  
29 expenditures for that project or program made prior to the issue date  
30 of the applicable bonds are intended to be reimbursed from proceeds  
31 of those bonds in a maximum amount equal to the amount of such  
32 appropriation.

33                 **NEW SECTION. Sec. 6011.** A new section is added to 2015 3rd  
34 sp.s. c 3 (uncodified) to read as follows:  
35                 Until June 30, 2027, the director of the department of enterprise  
36 services is granted authority to transfer and convey real property,  
37 known as the former northern state hospital site, to the port of  
38 Skagit upon the director's determination that such a transfer is

1 appropriate and in furtherance of the interest of the state. Should  
2 legal requirements to provide behavioral health services at other  
3 locations fail to be met, having made diligent efforts to do so, the  
4 state may extend the leases with the current behavioral health  
5 tenants for the minimum time needed to meet such requirements with  
6 due diligence. The director shall consult with the office of  
7 financial management. This transfer is not subject to the  
8 requirements of RCW 43.09.210.

9 **NEW SECTION. Sec. 6012.** A new section is added to 2015 3rd  
10 sp.s. c 3 (uncodified) to read as follows:

11 **BELATED CLAIMS.** The agencies and institutions of the state may  
12 expend moneys appropriated in this act, upon approval of the office  
of financial management, for the payment of supplies and services  
14 furnished to the agency or institution in prior fiscal biennia.

15 **NEW SECTION. Sec. 6013.** A new section is added to chapter 43.79

16 RCW to read as follows:

17 The dairy nutrient infrastructure account is created in the state  
18 treasury. All receipts from repayment of loans made by the state  
19 conservation commission for dairy nutrient management demonstration  
20 projects must be deposited in the account. Moneys in the account may  
21 be spent only after appropriation. Expenditures from the account may  
22 be used only for dairy nutrient management demonstration projects.

23 **NEW SECTION. Sec. 6014.** The following acts or parts of acts are  
24 repealed:

25 (1) 2015 3rd sp.s. c 3 s 1072 (uncodified); and  
26 (2) 2015 3rd sp.s. c 3 s 5074 (uncodified).

27 **NEW SECTION. Sec. 6015.** This act is necessary for the immediate  
28 preservation of the public peace, health, or safety, or support of  
29 the state government and its existing public institutions, and takes  
30 effect immediately.
